

PACIFICA

Our craftsmen's flair for blending traditional styles with up to date technology and hardware is most evident in our Pacifica line. Although this series covers a wide range of instruments—from simple, straight forward models to deluxe models loaded with advanced features—each and every guitar is a quality instrument created with a quality solid-wood body, rugged hardware and a sleek, sturdy neck with impeccable fretwork. Double cutaway models include the 112 series with their excellent cost performance (the 112 is available in a left-hand model). The 312 models add an ash veneer with optional beautiful Translucent finishes and two Alnico single coil and an Alnico double coil pickups. Fitted with Wilkinson tremolo systems the 812s, unlike the 604W, are equipped with Seymour Duncan pickups. The 821 models and 904 feature Sperzel locking pegs with the 904 adding an American-made Warmouth neck. The 303-12II is a 12-string model with an ash veneer and three Alnico single coil pickups. Single cutaway models run from the simple but versatile 120 models with alder bodies a two single coil pickups, to the Mike Stern model with its ash body, and Seymour Duncan pickups.

• **Warmouth Neck & Sperzel Locking Pegs**

The Pacifica 604W and 904 both feature top-quality Sperzel locking tuning machines for precise and reliable tuning. The 904 additionally features an American-made Warmouth neck for clean, comfortable fingering. The neck also has a relatively thick heel for solid, full bodied sound.

• **"Vintage Custom" Tremolo (904) Wilkinson VS100 Tremolo (604W, 812W, 812WX)**

The "Vintage Custom" tremolo system is a highly refined version of the traditional type tremolo featuring a two-point fulcrum. The Pacifica 904's tremolo is cast from solid steel for a refined sound with improved stability. The tremolo featured on the Pacifica 812W, 812WX, 604W is a Wilkinson VS100 tremolo system made by Gotoh.
