DIGITAL PIANO

P-85 P-85S

DIGITAL PIANO

Authentic, natural sound with remarkable expressiveness—full Yamaha quality in a compact, affordable keyboard.

This new piano keyboard gives you all the dynamic, high-quality sound and natural piano response you expect from Yamaha, along with a high-quality built-in speaker system—packed into a slim, exceptionally affordable digital piano you can play virtually anywhere, anytime. No compromises, full quality.

P-85S

P-85

Instruments shown above as fully fitted with optional stands and pedal units.

P-85S

P-85

Ultra-compact, Stylish Design

The attractive, slim, lightweight design of the instrument—less than 12 kg—suits virtually any room décor, while the built-in speaker system fills your room with luscious sound.

Extensive Voice Selection and Dual Voice Function

The versatile P-85 also gives you a wide variety of other high-quality instrument Voices, including electric pianos, organs, strings and harpsichord—plus a Dual Voice feature for playing two Voices at once.

Record Your Performance

You can capture your own playing with the song recording feature, then play it back for studying or accompaniment. There's even a built-in metronome for practicing and recording in perfect time.

Expressive Half-pedal Control

Features a half-pedal effect that gives you greater acoustic-like expressive control over the sound (with optional FC3 Foot Controller or LP-5 Pedal Unit).

Matching Stand (optional)

The optional stands provide stability and optimum sound projection for the instrument—as well as a stylish appearance.

Three-pedal Pedal Unit (optional)

The optional LP-5 Pedal Unit gives you three pedals for the same kind of comprehensive sustain, sostenuto and soft control found on grand pianos.

Exceptionally High-quality Sound

The gorgeous piano sounds of the P-85 feature meticulous digital sampling of a full concert grand piano—at various playing strengths—thanks to Yamaha's sophisticated AWM Stereo Sampling.

Realistic, Acoustic-like Touch Response

Enjoy authentic, naturally expressive key touch—virtually the same as an actual acoustic piano, from the low notes to the high—with the Graded Hammer Standard (GHS) keyboard.
