**piagggero**

NP-V80 / V60

*slim, light, compact.*

*Piano + Leggero*

# piaggero

In both design and playability, Yamaha Piaggero embodies the almost lyrical combination of “piano” and “leggero”—Italian for “light”—that constitutes its name. Piaggero provides go-anywhere portability and style while also delivering Yamaha’s legendary piano touch and tone. Whether you’re taking up piano for the first time or recapturing your musical passion, Piaggero offers easy-going piano fun.

*Imagine a Life with Piano*

## *Touch of Class*

To recreate the playability of an acoustic piano, Piaggero features Yamaha’s own Graded Soft Touch keyboard, giving keys in the lower octave a heavier touch than those in the upper octaves.

## *Essential Voices*

Along with superb grand piano sound, Piaggero features a number of popular instrument Voices, such as organ and strings, recorded using Yamaha’s AWM (Advanced Wave Memory) stereo sampling technology for amazingly true-to-life sound. And for a full orchestra of sonic options, Piaggero includes XGlite Voices and drum/SFX kits.

## *Performance with Style*

Piaggero boasts over 160 preset Styles—from the basic eight beat to contemporary Latin rhythms—that follow and back up the pianist with dynamically responsive accompaniment.

## *Settings on Request*

At the touch of a button, Piaggero’s Music Database offers pre-set combinations of Styles, Voices, effects, and tempos to complement the song you would like to perform.

† NP-V80 † A greater variety of Voices and an enhanced speaker system is paired with the Intelligent Arpeggiator and a USB-TO-DEVICE port.

† NP-V60 † More than just a keyboard, this stunningly slim and lightweight piano is extremely versatile, thanks to 489 Voices and 160 Styles.

## NP-30 *Portable Grand*

Yamaha's NP-30 offers electronic piano fun in a more back-to-the-basics model.
