ATTENTION

-The USB devices listed above have been tested for compatibility with DTX-PRO, however Yamaha does not guarantee proper operation of such devices with DTX-PRO. Yamaha also takes no responsibility for any damage or inconvenience caused by the use of them.

-USB devices 2.0 to 3.0 can be used on the DTX-PRO, the amount of time for saving to or loading from the USB device may differ depending on the type of data or the status of the instrument.

-The specification of the USB devices listed above is subject to change for certain reasons of manufacturers. Please note that they may not operate properly with DTX-PRO depending on the changes.

-For detailed specification and information on the USB devices listed above, please contact the manufacturers of them.
