

Listening to the Pandora service

Use this feature to listen to the Pandora Internet radio service.

Notes

- To use this feature, you need a network connection.
Connection  Owner's Manual P.6
Network setting  Owner's Manual P.40
- A narrowband Internet connection (i.e. 56k modem ISDN) will not provide satisfactory results. And a broadband connection is strongly recommended (i.e. a cable modem, an xDSL modem, etc.). For detailed information, consult with your ISP.
- Some security devices (such as firewalls) may block the access of this unit to the Pandora server. In such cases, configure the security settings appropriately.
- If any message appears, refer to "Troubleshooting".

■ Account setup for Pandora

When you select "Pandora" for the first time, the account setup screen appears. You will be asked whether you have a Pandora account.

If you have a Pandora account

Select "Yes", then enter your user name (e-mail address) and password for your Pandora account.

If you do not have a Pandora account

Select "No", then write down the URL and active code shown in the TV screen. Use a web browser on your PC to access the URL and follow the on-screen instruction to register for a Pandora account. After completing the registration process through your PC, select "OK" on the TV screen.

Creating Pandora stations

Pandora lets you create custom radio stations that play only music you love. Just type in your favorite song or artist and Pandora will create a station that plays similar music.

1 From the pop up menu on the My Station screen, select "**Create Station**" to open the Create Station screen.

If no Pandora stations exist for your Pandora account, the Create Station screen automatically appears after sign-in.

2 Enter the name of an artist, song or composer (all or part of the name), then select "OK".

The auto-complete list will appear on the right side of the screen. To switch the operation object between the keyboard and auto-complete list, press **CONTROL** on the remote control. If you select an artist or a song from the list, it will be added to your Pandora stations and Pandora will begin playing that station.

3 Select "Artists" or "Songs".

This step will be skipped if either artists or songs are not found.

If there is no matching content found, try another keyword.

4 Select the desired artist/song in the result screen.

The selected artist/song is added to your Pandora stations and Pandora begins playing that station.

To delete an unnecessary Pandora station, highlight the station name in the My Station screen, then select

"**Delete Station**" from the pop up menu.

Listening to music contents

1 Select “Pandora” from the source menu.
Playback of the last-selected Pandora station automatically starts and the playback screen appears.

2 To listen to another Pandora station, switch to the My Station screen, then select the desired Pandora station.

■ Operation on the playback screen
