

AN-Xpansion - Tribute to Greek Legend -

This is a Sound library that offers you essence of the “AN-X” Virtual Analog tone generator newly installed in MONTAGE M. We have reproduced the fat, warm vintage sound reminiscent of Yamaha's vintage analog synthesizer CS-80, paying homage to Greek Legendary Film Composer. Please enjoy using the arpeggios and scenes that support your performance.

This content contains:

- 3 Performances
- 1. BR End Titles
- 2. CF Main Theme
- 3. Theme from ANTA

File Format:

- MONTAGE M Library file
